

RECEPT

BROAD SPECTRUM HEMP EXTRACT

RECEPT is our broadest spectrum hemp extract that includes premium, organically sourced phytocannabinoids and poly-terpenes. Delivered by *Sonicated Nano Technology*, each phytonutrient in RECEPT is delivered to cells and the Endocannabinoid System faster than ever.

500MG PHYTOCANNABINOID DIOLS + 30MG CBG + 7 TERPENES

These statements have not been evaluated by the FDA. These products are not intended to diagnose, treat, cure or prevent any disease.

100% THC & Ethanol Free

THC has its place in wellness, just not in RECEPT. A major initiative when creating RECEPT was to eliminate any traces of THC. Through our complex hemp extraction process we accomplished that goal. Enjoy high-quality hemp extract without worrying about THC.

All ethanol used during RECEPT's formulation is evaporated completely; no alcohol means only reactive effects without a hint of sedation.

Supplement Facts

Serving Size: 1 dropper (1mL)
Servings Per Container: 50

| | Amount Per Serving | %Daily Value |
|-----------------------------|--------------------|--------------|
| Calories | 0.03 | 0 |
| Total Fat | <1g | <1%* |
| Hemp Extract (aerial parts) | 10mg | ** |
| Cannabigerol (CBG) | 0.6mg | ** |

*Percent Daily Values (DV) are based on a 2,000 calorie diet.

**Daily Value (DV) not established.

Other Ingredients: Purified Aqua, Glycerin (Vegetable), Lecithin (Vegetable), Peppermint Oil (leaf)

+CBG

CBG serves as the pre-cursor or mother phytocannabinoid to many others, including CBD and THC. Because industrial hemp plants are known to produce only trace amounts of CBG, we take sophisticated measures to extract CBG for its use in RECEPT.

Having a direct effect on the Endocannabinoid System and cannabinoid receptors, CBG provides a wealth of benefits that support preventative, chronic, and acute care. A major finding of CBG is its neuro-protective and neuro-regenerative traits. It is also a valuable resource for gut health, as its phytonutrients directly attack infectious bacteria.

Benefits of CBG:

- ✓ Completes the entourage effect
- ✓ Contains anti-bacterial properties
- ✓ Promotes neuro-regeneration/protection
- ✓ Supports bone health
- ✓ Improves mood & gut health
- ✓ Supports rest & sleep
- ✓ Promotes Natural Analgesic (discomfort relief)

CREATED FROM NATURE. PROVEN BY SCIENCE.

- ORGANICALLY GROWN, AMERICAN SOURCED HEMP
- A PROPRIETARY FORMULA THAT WE OWN!
- SONICATED NANO TECHNOLOGY - NEVER BEEN USED TECHNOLOGY WITH CBD! AVERAGE LIPOSOME SIZE: 20nM
- THC FREE, ETHANOL FREE, NON GMO
- BROAD SPECTRUM HEMP EXTRACT WITH 7 TERPENES MORE CBD AND WITH CBG!
- PEPPERMINT ESSENTIAL OIL FOR FLAVORING
- MANUFACTURED IN A KOSHER & HALAL CERTIFIED FACILITY
- GLASS DROPPER

FASTER ACTING, LONGER LASTING.

The difference between RECEPT hemp extract and other liposomal hemp products is that RECEPT is formulated using high-force frequencies (sonication) that create ultra-fine-sized liposomes; we call this process, *Nano Sonicated Technology*. Because of their nano size—a mere 20nM on average—each liposome begins working within seconds after being dropped into the mouth.

NON-SONICATED LIPOSOMES

100 µm

SONICATED NANO LIPOSOMES

10 µm

PRIME *my* BODY

Being an industry leader in the hemp oil market means taking forward-thinking approaches to our product development.

Touted by industry experts and medical researchers, CBG is set to become the next big phytocannabinoid in the hemp market, and RECEPT is the first hemp extract in the world to showcase the highest levels of CBG (cannabigerol) & phytocannabinoids in its blend.
